# What you can enjoy

We work with you to create a care plan that meets your needs. We're here to help you live the life you want, knowing that support is on-hand if you need it, day and night.

## Fresh homemade food

Our varied menu changes regularly to give you a wide range of delicious meal options and a balanced diet. However, tasty and healthy meals are only one part of our dining experience. Great service by staff who genuinely care is just as pivotal, whether it is our on-site chef team

blending the finest flavours or our care staff making time for a friendly word as they serve. We support residents who require texture modified and specialist diets, as well as focus on meeting the dietary, nutritional, and cultural needs of our residents.

## There's something for everyone

At The Tithebarn, we believe that keeping active both mentally and physically allows our residents to experience wellbeing. That's why we provide a myriad of activities for them to enjoy:

- Arts and crafts
- Gardening
- Yoga and tai-chi classes
- Musical entertainments
- Cinema nights
- And trips to Liverpool city centre.

We understand the importance of diversity and individuality amongst our residents, and therefore work closely with each person to identify and support their different interests.

## Invite family and friends

There are many indoor and outdoor spaces where you can host events with your loved ones. We can help to plan private get-togethers or special occasions at the Home if you wish.

# Types of care

Making the decision to move into a care home doesn't have to be difficult. We're here to support you every step of the way.

## Residential care

Residential care is provided for people who can no longer continue to live at home. It can help them to live safely, whilst giving their family peace of mind, knowing that you are in a supportive environment. We can accommodate up to 30 people with residential care.

## Residential dementia support

The Tithebarn offers a residential dementia support service for up to 10 people.

We believe that people living with dementia can still lead an active and fulfilled life, so we aim to start from a position of 'what a person can do' and how we can support them. We work with each resident, their family and loved ones to explore what is important to them and, where possible, we incorporate this into their lives from a holistic approach.

Our EMBRACE Dementia Accreditation gives recognition to our Homes that provide outstanding support, care and attention dedicated to residents living with dementia and their loved ones.

The aim is to raise and maintain high standards of dementia care using a suite of dementia modules to support care staff. Some of the modules have also been externally accredited by the CPD Certification Service.

The Tithebarn is currently working towards achieving this accreditation.

We also work across communities and other dementia organisations to share good practices, and to ensure we are always learning more about new models of care.

## Short stay and respite care

Short stay breaks, including respite care, are available to people who are cared for in their own homes. They allow families or carers to have a rest from taking care of a loved one and allows a person to enjoy different activities and socialise with others.

## Palliative care

Caring for someone during the final days of their life requires specialist skills and understanding. We are committed to making sure that our end of life care respects and upholds a person's dignity.

## Using the latest technology

We use advanced software to record our medication processes easily. Our staff have access to our residents' profiles and care plans, and add progress notes and specific records as necessary.

Our electronic devices can also be used to convert speech into text, enabling our residents, their families and professionals to "have a voice" within the care planning process.

# One loving family

What makes The Tithebarn special is the stories of our beloved residents and caring staff members. Together, they make this Home a place where people become friends, and friends become family.

At The Tithebarn, we support our residents' mental health and wellbeing through a wide range of activities, fostering a sense of community and creating a supportive environment that prioritises emotional wellness.

Our staff will do everything they can to accommodate your requests.

When resident Phil arranged an art exhibition to raise money for charity at Moor Lane Methodist Church, the Home met all his needs to make it possible.

“I’m very happy to be able to give something to charity!”

Resident Phil

# Culture and vision

The Tithebarn is operated and managed by The Royal Masonic Benevolent Institution Care Company (RMBI Care Co.). It is also regulated by Care Quality Commission (CQC).

RMBI Care Co. provides residential care, nursing care and residential dementia support to older Freemasons, their families and people in the wider community. We have been caring for older people for over 180 years and today, we support over 1,000 residents across 17 care homes in England and Wales with a focus on wellbeing and quality outcomes.

We treat each person as an individual. We believe that everyone should be able to enjoy later life and we are here to help our residents stay as independent as possible. Above all, we live by our three core values – kind, supportive and trusted. RMBI Care Co. is part of the Masonic Charitable Foundation.

## Equity, diversity and Inclusion (EDI)

We strive to provide an inclusive environment for our residents, staff and anyone that comes into contact with RMBI Care Co. We aim to create a safe space where people share our values and can live authentically. Read more about our commitment to EDI at [rmbi.org.uk/edi-statement](https://rmbi.org.uk/edi-statement).

## The Association of Friends

The Association of Friends are independent charities made up of volunteers, which exist to support each of our care homes. The Home's Association of Friends works closely with The Tithebarn, organising events and fundraising to help enhance our residents' lives.
