What you can enjoy

We work with you to create a care plan that meets your needs. We're here to help you live the life you want, knowing that support is on-hand if you need it, day and night.

Fresh homemade food

Our varied menu changes regularly to give you a wide range of delicious meal options and a balanced diet. However, tasty and healthy meals are only one part of our dining experience. Great service by staff who genuinely care is just

as pivotal, whether it is our on-site chef team blending the finest flavours or our care staff making time for a friendly word as they serve. Our dining service is designed to provide residents with meals they can look forward to.

There's something for everyone

At Harry Priestley House, we believe that keeping active both mentally and physically allows our residents to experience wellbeing. That's why we provide a myriad of activities for them to enjoy:

- Arts and crafts
- Gardening
- Music and movement classes
- Musical entertainments
- Cinema nights
- And trips out to local areas of interest.

We can also support you to continue enjoying your own hobbies and interests, and we are confident we'll have something that's just right for you.

Invite family and friends

There are many indoor and outdoor spaces where you can host events with your loved ones. We can help to plan private get-togethers or special occasions at the Home if you wish.

Types of care

Making the decision to move into a care home doesn't have to be difficult. We're here to support you every step of the way.

Residential care

At Harry Priestley House, we provide residential care for people with learning disabilities who can no longer live at home and need support throughout the day. It can help people to live safely, whilst giving family members peace of mind, knowing that you are in a supportive environment. We can accommodate up to 12 people with residential care.

We can support you with everyday tasks, from personal care to support in the community. We will help you with medical appointments, financial support or any other tasks of daily life that you may find difficult to do.

We also support people during the early stages of dementia, offer end-of-life support and care for residents with complex needs, such as autism.

Mobility support

The Home is well-equipped to support people who are less mobile to ensure you can continue to live as independently as possible.

We have two vehicles to support residents on trips outside the Home, for instance to attend local Day Centres. One of our vans is adapted to transport wheelchairs.

To help with mobility, we also have a tracking hoist and an assisted bath on the ground floor, as well as a fitted stair lift.

Additional Services

We work closely with external specialists to offer our residents additional care and services, including physiotherapy and occupational therapy.

A chiropodist and our mobile hairdresser visit regularly, to offer these services at the Home.

My brother loves living at Harry Priestley House. There is so much for him to do in the house and he loves helping in the garden and kitchen.

One loving family

What makes Harry Priestley House special is the stories of our beloved residents and caring staff members. Together, they make this Home a place where people become friends, and friends become family.

At Harry Priestley House, you can meet the team of staff, who received a heartfelt award from a local primary school for their contribution to making the community a better place for residents and children to live in.

“We were very proud to be nominated along with other local heroes, and to receive this award is amazing.”

Anne Stobart,
Home Manager at
Harry Priestley House

You can also celebrate special moments and occasions with your loved ones, and our staff will do everything they can to accommodate your requests.

For this year's summer party, the residents and staff enjoyed a wild safari themed party.

“I always enjoyed the themed parties at the Home as I like to get up and dance.”
