Caring for you

Nestled amongst five acres of landscaped gardens, Queen Elizabeth Court lies in the seaside town of Llandudno in North Wales. We provide residential care, nursing and residential dementia support for up to 62 residents with permanent care or short stay respite breaks.

Here at Queen Elizabeth Court, you will have a fully furnished bedroom and a dedicated team to support your care needs.

Among other features, you can also enjoy:

- Five acres of gardens and inner courtyards, which provide a quiet area to sit and relax. We are just a short walk away from the seafront and sandy beaches of Llandudno.
- The newly refurbished Peter Geoffrey Lowndes Dementia House includes dementia signage, assistive technology including iPads and pictorial menus to support engagement and communication.

“ My mum has never been happier. The care is outstanding. My mum is still with us today, because of the care of the team at Queen Elizabeth Court.

What you can enjoy

We work with you to create a care plan that meets your needs. We're here to help you live the life you want, knowing that support is on-hand if you need it, day and night.

Fresh homemade food

Our varied menu changes regularly to give you a wide range of delicious meal options and a balanced diet. However, tasty and healthy meals are only one part of our dining experience. Great service by staff who genuinely care is just

as pivotal, whether it is the chef team blending the finest flavours or staff making time for a friendly word as they serve. Our dining service is designed to provide residents with meals they can look forward to.

There's something for everyone

At Queen Elizabeth Court, we believe that keeping active both mentally and physically allows our residents to experience wellbeing. That's why we provide a myriad of activities for them to enjoy:

- Arts and crafts
- Gardening
- Music and movement classes
- Musical entertainments
- Cinema nights
- And trips out to local areas of interest.

We can also support you to continue enjoying your own hobbies and interests, and we are confident we'll have something that's just right for you.

Invite family and friends

There are many indoor and outdoor spaces where you can host events with your loved ones. We can help to plan private get-togethers or special occasions at the Home if you wish.

Types of care

Making the decision to move into a care home doesn't have to be difficult. We're here to support you every step of the way.

Residential care

Residential care is provided for people who can no longer continue to live at home. It can help them to live safely, whilst giving their family peace of mind, knowing that you are in a supportive environment. We can accommodate up to 23 people with residential care.

Nursing care

Our nurses are trained to deliver a more specialist level of support, which promotes health and wellbeing. This type of care is for anyone who requires 24 hours support from a Registered Nurse. We can support up to 20 people with nursing care.

Residential dementia support

We offer a residential dementia support service for up to 19 people, following the refurbishment of the newly named Peter Geoffrey Lowndes Dementia House.

As part of the changes, two distinct 'Houses' have been created, each having a 'home from home' feeling – which is so important for the wellbeing of people living with dementia. These smaller houses each have its own comfortable lounge, dining room and kitchenette.

We believe that people living with dementia can still lead an active and fulfilled life, so we aim to start from a position of 'what a person can do' and how we can support them.

We work with each resident, their family and loved ones to explore what is important to them, and try where possible to incorporate this into their lives from a holistic approach.

We invest in our caring staff members and ensure they have the necessary skills to care for and support our residents living with dementia. Some of the training our staff undertake include:

- Dementia Awareness accredited by Alzheimer's Society
- Virtual Dementia Tour
- Enhanced Dementia Modules

We also work across communities and other dementia organisations to share good practice and ensure we are always learning more about new models of care.

Short stay and respite care

Short stay breaks, including respite care, are available to people who are cared for in their own homes. They allow families or carers to have a rest from taking care of a loved one and allows a person to enjoy different activities and socialise with others.

Palliative care

Caring for someone during the final days of their life requires specialist skills and understanding. We are committed to making sure that our end of life care respects and upholds a person's dignity.

Using the latest technology

We use advanced software to record our medication processes easily. Our staff have access to our residents' profiles and care plans, and add progress notes and specific records as necessary.

One loving family

What makes Queen Elizabeth Court special is the stories of our beloved residents and caring staff members. Together, they make this Home a place where people become friends, and friends become family.

At Queen Elizabeth Court, you can take part in activities such as a Japanese culture day to celebrate diversity.

“ This is something new. I have never tried these activities before and it is good for people to have their world view widened.

Janette Nicolas,
Resident

Alternatively, you can participate in activities such as animal therapy where you can pet and stroke Shetland ponies and other types of animals.

“ Our residents loved meeting the pony. It was a lovely afternoon which lifted everyone’s spirits!

Rachael Melville,
Activities Coordinator

Culture and vision

Queen Elizabeth Court is operated and managed by The Royal Masonic Benevolent Institution Care Company (RMBI Care Co.). It is also regulated by Care Inspectorate Wales (CIW).

RMBI Care Co. provides residential care, nursing care and residential dementia support to older Freemasons, their families and people in the wider community. We have been caring for older people for over 180 years and today, we support over 1,000 residents across 17 care homes in England and Wales with a focus on wellbeing and quality outcomes.

We treat each person as an individual. We believe that everyone should be able to enjoy later life and we are here to help our residents stay as independent as possible. Above all, we live by our three core values – kind, supportive and trusted. RMBI Care Co. is part of the Masonic Charitable Foundation.

The Association of Friends

The Association of Friends are independent charities made up of volunteers, which exist to support each of our care homes.

The Home's Association of Friends works closely with Queen Elizabeth Court, supporting residents and staff by organising events and fundraising for different activities to help enhance our residents' lives.
